# Support Workers....

- Are friendly and caring people who like being part of a dedicated team, ensuring clients are well supported to access activities and events in the community
- Provide help with shopping, provide companionship and promote independence and choice
- Don't provide personal care e.g. washing, bathing or handle medications

## Where...

- Activities might take place in a care home, a deaf club, shopping trips or in the client's home
- Sometimes there are day trips, theatre visits or sports events to go to with the client

## Who? It could be you!

- Do you have a few spare hours a week?
- Are you studying and want something flexible to fit in around your course?
- Would you like to try working in the care sector by doing a few hours to see if it's for you?
- Have you studied BSL and would like to improve your language skills whilst getting paid to help someone?
- BSL is not necessary for all our clients, so don't be put off if you don't know sign language (or are a bit rusty)

We provide necessary training and pay for your DBS.
